Preferred means of communication: Email Text Call

Please read carefully:

At the first lesson of each calendar month I will come prepared to pay for that month's lessons (\$80 per month).

I understand that I have a scheduled weekly lesson time and will arrive ready to begin on time. If I have to miss a scheduled lesson for any reason, I understand that my teacher may not be able to make it up, and the lesson fee will not be refunded. I have noted I am willing to practice regularly according to my teacher's recommendation. I have read the studio policy and clarified any questions/additional information.

Student signature _____

Lessons are a family commitment, for which parents/guardians play a key role in a student's success, encouraging regular, consistent practice and attendance at all lessons.

I will be responsible to see that my child arrives at his/her lessons prepared and on time, and I will pay the lesson fee one month in advance at the first lesson of each month.
